Dear Mr. Klein,

It is our pleasure to gratefully acknowledge your contribution of beautiful plush animals to be distributed to sick children in the hospital by our volunteers. The stuffed animals will certainly help to alleviate some of the children's suffering and loneliness.

Your participation enables us to continue in our efforts on behalf of Klal Yisroel. Only with the assistance of such gracious people as you can our organization continue.

It is our sincere hope that you be rewarded with good health, happiness and good fortune.

Sincerely,

Miriam Lubling
